SUPPORT TO STATISTICS FOR DEVELOPMENT AMOUNTED TO USD 541 MILLION IN 2015.

What needs to be done
➤ Increase aid for statistics by around USD 200 million to meet the needs for SDG data.
➤ Create an ODA marker for statistics to improve the monitoring of support.
➤ Allocate financial support in the national budget for National Statistical Systems.

ODA
0.30%
The share of Official Development Assistance (ODA) on data and statistics was 0.30% in 2015, a slight improvement on last decade’s average (0.27%).

AFRICA
69%
Africa received the lion’s share of statistical support with 69% in 2015, followed by Asia-Pacific (10%).

TOP DONORS
75% BY 5 DONORS
The top 5 donors of development co-operation in statistics (Canada; AfDB; European Commission/Eurostat; UNFPA; World Bank) provided 75% of total commitments in 2015, down from the previous year.
