New Challenges

Challenges

- Sustainable Development Goals
- Samoa Pathway
- Data Revolution
- Better informed policy makers
- Increase of statistical literacy by users

Need to develop new domains of statistics

- Increase timeliness and periodicity of publication
- Engage new partners and explore innovation on data production and data dissemination
- Coordinate the national statistics producers (including new producers and third party producers)
- Create/Promote policy sensitive data production in order to better incorporate new global/continental/regional/national agendas
Need to develop new domains of statistics: Vulnerability and Resilience Country Assessment (Cabo Verde)
Increase timeliness and periodicity of publication: Implementation of continuous survey

2011
Multi Purpose Continuous Survey (Labour)

2012
Multi Purpose Continuous Survey (Labour, Living conditions, time-use)

2013
Multi Purpose Continuous Survey (Labour, Living conditions, Migration, Family practices, Governance peace and security)

2014
Multi Purpose Continuous Survey (Labour, Living conditions, Migration, Governance, peace and security)

2015
Multi Purpose Continuous Survey (Labour, Living conditions, Informal sector, Culture, Sport, Leisure)
Increase timeliness and periodicity of publication: Continuous Business Census/Survey

2007 Business Census
2008-2011 Annual Business Survey
2012 Business Census
2013-2016 Annual Business Survey
2017 Business Census

Number of active business (2007-2014), INE, Cabo Verde

Way Forward

• Political ownership of the new commitments.
• Adequate funding
  • Coordination with and among development partners.
  • Increase of government funding.
  • Decrease of dependency on international funding.
• Improve coordination of National Statistics Systems.
• Integrate global, continental and regional agendas in the national agenda, and subsequently, integrate in the National Strategy for Development of Statistics.
