

# Proposed PARIS21 task team on Post-2015

## Objectives

- ✓ *Leverage the voice of statisticians in the discussions*
- ✓ *Influence discussions so that the new framework explicitly refers to the need to strengthen national statistical capacities*

## Deliverables

- ✓ *Advocacy materials to promote statistical capacity development in the post-2015 agenda*
- ✓ *Workshops/conferences on statistics and the post-2015 framework*
- ✓ *Modalities for an update of the six country case studies from the PARIS21 Task Team on Improved Support to Monitoring Development Goals*
- ✓ *Proposal for the development of an online inventory of global summits, their outcome documents, and indicators.*
- ✓ *Good practice materials on how to align the demand for global monitoring with the need for building statistical capacity.*
- ✓ *Proposal for a global report on statistical development.*
