EXPLORING COUNTRY PAGES

Exercise 1

Julia Schmidt, Guglielmo Zappalà

17 June 2021
Objective of this exercise

• Compare your country on the basis of key indicators from the Statistical Capacity Monitor

• Customize choice of indicators and benchmark countries

• Retrieve indicators and data of interest
You can access the Statistical Capacity Monitoring by going to https://statisticalcapacitymonitor.org/
2 – Choose your country

Task

- Type the name of your country on the search bar and select it.
3 – Familiarize with the interface

**Task**

1. Compare your country with subregional, regional and global averages

2. Identify sample size for each indicator for each aggregate

3. Find economic and political characteristics of the country
Task

• Select the “pencil” in order to customize your choice of indicators
5 – Remove all the indicators

Task

1. Select the option “Remove all” on the bottom-right corner

2. Remove all the indicators currently displayed in the country page
Task

1. Go to each phase of the SVC, starting from “Planning”
2. Browse among the indicators in each phase
3. Select one indicator that you are interested in for each phase
## Task

1. Explore the indicators’ values for your country
2. Compare your performance for the selected indicators with the subregional, regional and global average
