Observatory of Justice
Homologated Police Report implementation survey

Aims to:

• Identify weaknesses in the implementation process of the National Protocol of First Respondent Acting and in the completion process of the Homologated Police Report.

• Identify factors that result in the freeing of detainees charged with potential criminal doings.

Methodology:
Surveyed a sample each profile:

1. Judges in the First District of Jalisco’s Justice Department
2. Guadalajara’s Municipal Police
3. Public Ministries of the State Attorney General
### Factors that increase the odds of first responders making mistakes (percentage)
